NB: the V, T & L sizes are via BOC and the N10, N20 & N30 sizes are via Air Products. Please bear this in mind when calculating your requirements as using cylinders from both suppliers will mean two delivery charges and their equipment is not compatible.

The figures given above for the approximate number of balloons that can be inflated with each cylinder are a guide only, given by the suppliers, and assuming balloons are inflated to the correct sizes.

All items remain the property of the supplier. Lost or damaged items will be charged for at £100 per cylinder and £40 per filling kit. A deposit is required, fully refundable when the items are returned intact.
